

## Using Got It!™ with Windows 7™

In Windows 7™, there is a “User Account Control (UAC)” which may block communication with the receiver. Before installing Got It!™, turn off the “User Account Control”. Login as administrator in Windows 7™.

To turn off the “User Account Control” –

1. Click **Start**, and then click **Control Panel**.
2. In **Control Panel**, click **User Accounts and Family Safety**.
3. In the **User Accounts and Family Safety** window, click **User Accounts**.
4. In the **User Accounts** tasks window, click **Change User Account Control settings**.
5. If the **User Account Control** message appears, Click **Continue**.
6. Adjust the lever down to lowest (Never Notify), and then click **OK**.

7. Click **Restart Now** to apply the change.
