OF EDUCATION

MP3-Capable Music Maker™ Multimedia Player / Recorder

Model 2385-03

The MP3 capable Music Maker is designed to support audio assisted classroom learning. Engineered for durability and reliability, it's made with rugged ABS plastic (which won't shatter) unlike most consumer products so it will stand up to daily classroom use. It has a cassette recorder / player, 20 track programmable CD player, and an AM-FM stereo. It can also play teacher created digital content to help with customizing materials for differentiated learning situations such as working with students to promote phonemic awareness, phonics, comprehension, vocabulary, ELL, ELD and other language learning activities.

"I use the Music Maker with our middle school students to help them with their guided reading and modeled reading lessons."

Linda, Teacher
Holyoke, Massachusetts

"As the Media Specialist, part of my role is to purchase equipment which best suits classroom needs. We use the Music Maker for story reading and phonics development with our pre-k through 5th grade students."

Fred, Media Specialist
Clayton, North Carolina
