OF EDUCATION

Listening First™ Headphone Pack

Model 2810-12

Engaging young learners is an important step in learning. This pack of twelve animal-themed headphones can help facilitate the process. Each of the four playful Bear, Panda, and Tiger headphones has an adjustable volume control for individual preferences and is built for young students with appropriately sized and rugged ABS plastic earcups. These stereo headphones are ideal for library, story-time, classroom, and computer uses.

- Adjustable headband comfortable for extended wear
- Specifically sized for young children
- Permanently attached cord with reinforced "strain" relief connection which resists accidental pull out
- Right angle 3.5mm plug reduces accidental pull-outs
- 5.5' straight cord to reach computer, media player, or jackbox
- Ambient noise-reducing earcups keep students on task and lower outside noise so volume does not need to be as high, as recommended by audiologists for hearing safety
- Protective slotted baffles prevent accidental damage from prying fingers & foreign objects
- PC and Apple compatible
- Foam-lined storage case
- Two-year warranty for school use - unlike headphones purchased at consumer electronics stores whose warranties would be voided if used in schools.

"Project Intercept"

Please contact us immediately if you experience any issues with your Listening First headphones. Our "Project Intercept" customer service program will quickly repair or replace items under warranty. Simply contact us via phone or email warranty@califone.com
