

THE SIGHTS & SOUNDS
OF EDUCATION

Deluxe Mono Headset

Model 2964AV

This headset is the educator's choice for recording verbal responses with Card Readers & Cassette Player / Recorders. Noise-reducing earcups and microphone allow students to focus on the lesson, making it ideal for speech therapies, ELL, ELD and other language learning applications.

1. Recessed wiring resists prying fingers for classroom safety
 2. Adjustable headstrap with "comfort fit" strap fits all sizes
 3. Noise-reducing earcup lowers ambient noise so volume does not need to be as high, as recommended by audiologists for hearing safety
 4. 6' straight cord won't tangle with other wires
 5. Two nickel-plated 1/4" plugs designed for use with Card Readers and cassette player/recorders
 6. Permanently attached cord with reinforced connection resists accidental pull out
 7. Flexible gooseneck with omnidirectional dynamic mic with built-in wind screen reduces recording unintended sounds
 8. Replaceable and washable leatherette ear pads wrapped around rugged ABS plastic earcups for durability
 9. Slotted baffle prevents speaker access, avoiding accidental puncturing
 10. Rugged PVC plastic headstrap and earcups for durability
- Two-year warranty for school use - unlike headphones purchased at a consumer electronics store whose warranties would be voided if used in schools

"Project Intercept"
