

THE SIGHTS & SOUNDS
OF EDUCATION

Lightweight Personal Multimedia Stereo Headset

Model 3065AV

This stereo headset is so light and comfy students might forget they even have it on! Ideal for podcasting and distance learning, it can also be used for language learning applications, computer labs, gaming and with presentation software. When used for only listening, the flexible boom mic can be folded up out of the way alongside the headband.

1. Fully adjustable headband fits all students
2. Recessed wiring resists prying fingers
3. Comfortable lightweight ear cushions
4. Permanently attached straight cord with reinforced connection resists accidental pull out for classroom safety
5. 6' cord for extended reach with 3.5mm mini plugs connects with commonly used media players
6. Unidirectional electret mic on flexible gooseneck microphone
 - Windows and Mac compatible
 - Lightweight design for comfort
 - Warranty for school use - unlike headsets from consumer electronics stores whose warranties would be voided if used in schools

"Project Intercept"
