

Model **CAS1500** | *Cassette Player/Recorder*

Ideal for use in library and classroom listening centers, story time activities, literacy groups, ELD and ESL applications.

- Built-in mic records student achievements, can't be misplaced
- 500mW amplifier loud enough for class sizes up to 20 people
- Sturdy function buttons are easy to operate for independent learners
- Volume control
- 2.5mm/3.5mm remote mic input (#4805AV sold separately) for recording flexibility
- 1/4" headphone jack for independent study or connect a jackbox for group learning
- Additional 1/4" headphone jack for a second listener or to connect an external speaker for group listening
- Rugged ABS plastic exterior for added durability and safety
- Runs on AC/DC power for indoor / outdoor flexibility
- Auto-stop feature sustains life of cassette tapes
- Auto Level Control ensures level audio recording
- Warranty covers school use - unlike items purchased from consumer electronics stores whose warranties would be voided if used in schools
