

THE SIGHTS & SOUNDS
OF EDUCATION

This USB Microscope allows for real-time display on computer screens, enabling multiple students to view detail at the same time. With a connected computer wired to a projector, an entire class or auditorium can participate, making it ideal for facilitating student understanding of the 6 goals within NETS (National Educational Technology Standards). Now with an adjustment for light on the cable and is Windows 7 compatible.

1. Manual focusing from 4" to infinity
2. Takes image snapshots to appear on a computer screen
3. Light adjustment
4. USB connection (4' cable)
5. Fully adjustable, detachable microscope stand
6. Protective lens barrel

- Multiple filter choices to highlight different aspects (Light enhanced, square base, color or black and white 3D, reverse tone, blue/red/green filters)
- Automatic brightness adjustment & color compensation
- Video Capture (choice of resolution rates) or Still Picture mode (with choice of image resolution settings)
- One year warranty for school use - unlike products purchased at consumer electronics stores whose warranties would be voided if used in schools
