

THE SIGHTS & SOUNDS
OF EDUCATION

Desktop Computer Speakers

DMS1

The DMS1 delivers room-filling sound as a practical alternative to more involved audio amplification solutions. This 3-piece speaker system is designed for fast and easy classroom setup with plug-and-play convenience from any existing audio device (computer, MP3 player, or the headphone output from a multimedia player).

It's Mac or PC compatible - all that's needed is to just plug in the speaker jack from the audio source and connect each satellite speaker to the subwoofer.

Rear view of subwoofer

1. Subwoofer functions (front view from top to bottom) Power LED, Treble, Bass, and Volume
 2. Subwoofer (rear view); Audio line input jacks, power switch, power input jack
- Warranty for school use - unlike items purchased at a consumer electronics store whose warranties would be voided if used in schools
