

THE SIGHTS & SOUNDS
OF EDUCATION

Expand your flexibility and mobility in presentations with this Laser Presenter.

The handheld laser is powerful enough to identify objects up to 650' away, but with its receiver plugged into a computer's USB port (Mac & Windows compatible), the Presenter adds another dimensionality and can open an email program, a desktop, or an internet browser, with page up/down capabilities. With the flick of a switch, a second modality adds close, my computer, and zoom in/out abilities.

1. Receiver plugs into a computer's USB port
 2. Alt + tab
 3. Email and Close functions
 4. Desktop, My Computer functions
 5. Internet and Favorite
 6. Page up/down & Zoom in/out
 7. Mouse right click
- Warranty covers use in schools, unlike items sold through consumer product stores
