OF EDUCATION

Portable Hands-free Wireless PresentationPro™ Package

Model PA319PC

Perfect for classroom & AV cart uses, church meetings, small theaters, assemblies and indoor/outdoor functions, the portable PA319PC is as simple to use as it is powerful for voice amplification and multimedia presentations. It delivers hands-free operation with its flexible collar mic and backpack transmitter. And with its wireless connectivity, additional speakers can be easily and quickly added for even greater audience coverage.

1. The 30W RMS Wireless PresentationPro is powerful enough for groups up to 500 people with (un)balanced XLR / 1/4" mic and aux inputs, volume and tone controls
 2. 16-channel UHF belt pack transmitter with 160' range and a lightweight, hands-free collar mic
 3. Volume / mute remote control
 4. Foam-lined carry case for safe storage
 5. Portable tripod with carry case for mobility and storage. Includes hardware for tripod or permanent installation
- Ideal for mobile presenters, classroom and athletic uses
 - Warranty for school use - unlike some other audio products whose warranties would be voided if used in schools

"Project Intercept"

Please contact us immediately if you experience any difficulties with your Wireless PresentationPro System. Our "Project Intercept" customer service program will quickly repair or replace items under warranty. Simply contact us via phone or email warranty@califone.com.
