

THE SIGHTS & SOUNDS
OF EDUCATION

Audio Splitter

Model ST

The Audio Splitter helps solve classroom computer shortages by enabling two students to simultaneously work on computers equipped with only a single audio outlet.

1. 18" cord to reach ports located at the rear of computers
 2. 2-into-1 plug doubles student participation on computers
 3. Universally sized 3.5mm stereo plug connects to MP3 players, media players and computers
 4. Rugged ABS plastic for added durability and school safety
- Ideal for computer labs, listening centers and other classroom activities
 - Warranty for school use - unlike computer peripheral products purchased from consumer electronics stores whose warranties would be voided if used in schools

"Project Intercept"

Please contact us immediately if you experience any questions or difficulties with your Cord Splitter. Our "Project Intercept" customer service program will quickly repair or replace items under warranty. Simply contact us via phone or email warranty@califone.com.
