

Assistive Listening System Charger

WS-CH

This desktop charger supports wireless transmitters and receivers within the Assistive Listening WS-series of products. It charges up to four units at a time and can be daisy-chained with two other WS-CH chargers to recharge up to a total of twelve units. The power adapter (WS-CHP) for this must be purchased separately.

1. Output to daisy-chain an additional charger
 2. LED indicator for each of the 4 charging stations
 3. Power input
 4. Four connections for recharging WS-T (transmitter) and the WS-R (receiver)
- Warranty for school use - unlike items purchased at a consumer electronics store whose warranties would be voided if used in schools

"Project Intercept"
