

"Luminos" Overhead Projector

Model OHP-2400

1. Open head container with highest quality triplet lens swivels 360 degrees so light does not have to shine in presenter's eyes
 2. Adjustable display angle up to 60 degrees helps avoid "keystoning"
 3. Focus knob on folding arm for easy storage
 4. Beefy internal transformer and twin whisper fans prevent overheating
 5. Rest stop for overhead lamp while shipping or during storage
 6. High/Low switch for brightness vs lamp life
 7. Lamp changer for uninterrupted use if bulb burns out during presentation
 8. Rugged ABS plastic withstands knocks of daily classroom use
 9. Quick-release latches hold fresnel for easy removal and cleaning
 10. Break resistant glass means less classroom interruptions and repairs
- Three year warranty for educational uses unlike other products purchased from consumer electronics stores whose warranties would be voided if used in schools.

The Luminos 2400 overhead projector is a convenient visual tool for teachers who need the ability to write and erase throughout their visual presentations. Rugged and durable, this Califone projector is made for school use in small sized classrooms and training rooms with dim lighting. It can be used in special education, bilingual and ESL training as well as literacy, reading and other language arts.
