

Card Readers

Model 2010AV

1. 2 Watts RMS powerful enough for up to 40 people
 2. Permanently attached AC cord with cord wrap for storage with battery operation for indoor/outdoor flexibility
 3. Card reader ideal for differentiated learning with full and half playback speeds (controls are accessible underneath)
 4. 1/4" aux. line out to connect with another recording device
 5. 1/4" and 3.5mm headphone and mic jacks
 6. Built-in electret microphone won't get lost
 7. Independent recording tracks for teacher and student (with hidden teacher track record lock)
- Vocal mirroring capability with additional card programs and teacher created lessons with single/double-sided blank cards

The 2010AV Card Reader can enhance classroom curriculum, speech-language therapies, foreign language acquisition and ELD/ ESL applications. A permanent record of student / client's progress is made by recording onto a blank magnetic card or connecting a cassette recorder into the auxiliary output.
